

Historical Poster of the World Championships Speed Skating 1908 in Davos/Switzerland, the place where this winter season the Masters celebrate their **10th Years' Jubilee of the Masters' Speed Skating DAVOS MEETING**, a competition still on natural ice as 1908 and still with the wonderful scenery in the Swiss Alps, and since the beginning well organized with great effort by **Byan Carbis**, Vice-President of the famous old Speed Skating Club ISCD, with his crew.

Congratulation to this Jubilee and many thanks from the Masters, Bryan.
